ABSTRACT

Catalogued in this directory are all the audio tapes, video tapes, and films produced from 1964 through 1969 by the Evanston Township High School Faculty, its Title III staff, and its television staff in the course of its Title III project. These instructional materials are designed for secondary school students and cover almost all aspects of the curriculum, including the following: art, business education, counseling, driver education, English, foreign languages, health, home economics, library science, math, music, science, social science, and vocational education. Each listing provides the material's title, subject area, catalog number, and running time, along with a brief descriptive annotation and additional information when pertinent. (PB)
